Choosing Your Primary Care Provider

To get medical services, you must choose an in-network doctor or nurse practitioner as your Primary Care Provider (PCP). Please choose a doctor from this list of providers or from the Find A Doctor search tool on the AllCare Health website at **AllCareHealth.com/Medicaid/Doctors**.

PCPs with a ✓ by their name are open to new patients.

Offices with a 📞 offer telemedicine services.

You can search the “Find A Doctor” tool for all available PCPs in your area. Enter your zip code (for example: 97501) and select how far you are willing to travel (for example: 10 miles). Click on the “Accepting New Patients” and “Primary Care Provider” check boxes and press the Submit button. All the doctors who are currently available in that area will show on the page to the right of the search box.

- Family Medicine – gives care to children and adults
- Internal Medicine – gives care to adults only
- Pediatrician – gives care to children only

Your PCP (doctor or nurse practitioner) will:

- Get to know you and your medical history
- Provide all of your medical care
- Keep your medical records up-to-date and in one place

If needed, your PCP will

- Send you to a specialist
- Admit you to a hospital

If you already have a doctor or nurse practitioner, make sure they are listed in the AllCare CCO Provider Directory. If your PCP is not listed, you must choose a PCP who is listed in this directory. It is a good idea to choose a PCP close to where you live.

Once you choose a PCP:

- Fill out the Primary Care Provider Selection Form given to you in the New Member Packet.
- Fold and mail the pre-stamped form.
- A new AllCare CCO Member ID card will be sent to you. It will have your new doctor or nurse practitioner’s name and phone number on it.

OHP requires you to choose a PCP within 30 days. To do this, you need to return the PCP Selection Form to us within two weeks. If you have not returned your selection form in time, we will choose a PCP for you.

Changing Your Primary Care Provider

If you want a new PCP or dental plan, please call Customer Care. A representative will help you make the change. Be sure to contact Customer Care as soon as you decide to change, as you cannot see your new PCP or dentist until the change happens. Our Customer Care representative will tell you when the change will happen and send you a new ID card with your new PCP’s name and phone number.

You may change your PCP or dental plan two (2) times in 12 months. If you want to change more than two (2) times in 12 months, our Customer Care Director must approve the change.

When you change to a new PCP, you will need to request a copy of your medical records from your current provider. You should then provide your records to your new PCP.

Patient-Centered Primary Care Home

We want you to get the best care possible. One way we try to do that is ask our providers to be recognized by the Oregon Health Authority as a Patient-Centered Primary Care Home (PCPCH). That means they can receive extra funds to follow their patients closely and make sure all their medical and mental health needs are met.

PCPCH certified clinics have PCPCH next to their name in this directory.

Transportation

ReadyRide **(800) 479-7920**

ReadyRide provides rides to and from AllCare CCO-covered visits when no other ride is available. AllCare CCO members can get rides to covered medical, dental, therapy, counseling, and behavioral health appointments. Please call at least **48 hours** before you need your ride.

Rides for the same day are only scheduled for urgent needs and hospital discharges. Call between 8:00 a.m. and 6:00 p.m., Monday through Friday. Follow the prompts to schedule an urgent ride after hours.

When You Are Sick

Please call your Primary Care Provider (PCP) when you become sick. Tell the receptionist or nurse what is wrong. They will tell you whether you need to see your PCP that day, or need to do something else. Take your AllCare CCO Member ID card and your Oregon Health Plan Member ID card with you.

If you become sick at night, on weekends or holidays, call your PCP. Your PCP provides medical care all day and night, every day. If your PCP is not working that day, the answering service will have another doctor on call help you.

If You Need Care Out-of-town

If you get sick or hurt when you are away from home, call your PCP. If you need urgent care, find a local doctor who will see you right away. Ask that doctor to call your PCP to coordinate your care.

Nurse Help Line – (844) 747-5656

If you have a non-emergency question about your health or the medicines you are taking, you may call this phone number any time of day or night, every day. Specially trained nurses will ask you how you are feeling and give you advice. All calls are private. The toll free phone number is (844) 747-5656 or TTY at 711.

Urgent Care, Emergencies, and Crisis – At Home and Away

Always call your Primary Care Provider (PCP) office first. Someone will be able to help you day and night, even on weekends and holidays. If you can't reach your PCP's office about an urgent problem or they can't see you soon enough, you can go to urgent care provider without an appointment at the locations listed in this directory.

Urgent problems are things like bad infections, sprains, and strong pain. If you don't know how urgent the problem is, call your PCP.

If you think that you have a real emergency, call 911 or go to the Emergency Room (ER) at the nearest hospital. You don't need permission to get care in an emergency.

Out-of-town Emergencies

If you have a real emergency when you are away from home, call 911 or go to the nearest emergency room. Your care will be covered until you are stable. For follow-up care after the emergency, call your PCP.

OHP covers emergency and urgent care anywhere in the United States (US) at no cost to you. OHP does not cover emergency and urgent care outside the US. That means OHP will not pay for any care you get in Mexico or Canada.

An emergency might be chest pain, trouble breathing, bleeding that won't stop, broken bones, an injury to teeth or gums, or a mental health emergency. Please don't use the ER for things that can be treated in your doctor or dentist's office.

Sometimes ERs have a long, uncomfortable wait and it can take hours to see a doctor. You should only go there when you have to.

A **mental health emergency** is feeling or acting out of control, or a situation that might harm you or someone else. Get help right away, do not wait until there is real danger. Call the Crisis Hotline. In **Jackson County** call (541) 774-8201. In **Josephine County** call (541) 474-5360. In **Curry County** call (877) 519-9322. **You can also call 911, or go to the ER closest to you.**

Care After an Emergency

Emergency care is covered until you are stable. Follow-up care to maintain or improve your condition once you are stable, is covered by AllCare CCO but it is not considered an emergency. This care is called post-stabilization care. AllCare CCO will pay for post-stabilization care provided by a hospital, even if the hospital is not in our provider network. After you receive emergency treatment, call your PCP or mental health provider to arrange for more follow-up care if you need it.

Mental Health and Alcohol and Drug Services

Mental health services are available to all OHP members. You can get help for depression, anxiety, family problems, and difficult behaviors, to name a few. We cover mental health assessment to find out what kind of help you need. If you need it, we cover case management, therapy, and care in a psychiatric hospital.

Important: You do not need a referral to get mental health or alcohol and drug services from a network provider. Please see our Mental Health Providers in this directory for a list of network providers.

How long it takes to get care

We work with providers to make sure that you will be seen, treated or referred within the times listed below:

Care type	Time-frame
Behavioral health	
Routine behavioral healthcare for non-priority populations.	Routine behavioral health treatment is scheduled within 7 days.
Urgent behavioral healthcare for all populations.	Urgent behavioral health treatment: Seen or treated within 24 hours or as indicated in the initial screening.
Specialty behavioral healthcare for priority populations*	
Pregnant women, veterans and their families, women with children, unpaid caregivers, families, and children ages 0-5 years, members with HIV/AIDS or tuberculosis, members at the risk of first episode psychosis and the I/DD population.	Immediate assessment and entry. If interim services are required because there are no providers with visits, treatment at proper level of care must take place within 120 days from when patient is put on a wait-list.
IV drug users including heroin.	Immediate assessment and entry. Admission for services in a residential level of care is required within 14 days of request, or, placed within 120 days when put on a wait-list because there are no providers available.
Opioid use disorder.	Assessment and entry within 72 hours.
Medication assisted treatment.	As soon as possible, but no more than 72 hours for assessment and entry.

* For specialty behavioral healthcare services if there is no room or open spot:

- You will be put on a wait-list.
- You will have other services given to you within 72 hours.
- These services will be temporary until there is a room or an open spot.

If you have any questions about access to care, call Customer Care between 8:00 a.m. and 8:00 p.m., 7 days a week at (541) 471-4106 or toll free at (888) 460-0185. If you are hearing impaired, dial the TTY number 711. If you need an interpreter, call our language access number at (888) 260-4297.

Members can access these services directly, a referral is not needed. Any required notifications or prior-authorizations will need to be submitted by the treating facility via the AllCare Health Provider Portal. You will find a complete list of contracted outpatient Alcohol and Drug Treatment programs in our Provider Directory. Please reference the Prior-authorization Grid on the AllCare Health Provider Portal for specific requirements.
